Certified

## CORE COMPETENCIES

### CUSTOM SWISS PRECISION MACHINING

- CNC Swiss Star 32,20,12mm w/automatic bar feeders
- Samsung Lathe
  - 2 1/2" Spindle Capacity
  - 4 Jaw chucking 8 + inches
  - Live Subspindle
- Swiss Wahli W90's : W25 loaders
- Tool Grinders, Hardinge Lathes

### INDUSTRIES SERVED

- Aerospace
- Military
- Medical
- Automotive and
- Commercial

### MATERIALS

- Various High Temp Alloys
  - Titanium
  - Inconel
  - Tool Steels
- Stainless
- Aluminum
- Copper
- Brass
- Phenolic
- Plastics
  - Delrin
  - Ultem
  - Acrylic
  - Teflon
  - Peek
  - Polycarbons

### TREATMENTS

- Passivation
- Anodize
- Electropolishing, Deburring
- Nickel, Gold, Silver Plating
- Heat Treating

## DIFFERENTIATORS

- Close Tolerance Machining
- ISO 9001-2015
- Production & Short Run Machining
- HUBZone Certified
- Manufactured in Vermont, USA
- 95.6 % Customer Satisfaction Rate
- 99% First Pass Yield
- Zero Returns as a % of Sales
- Global Customer Base
- Blanket Purchase Orders
- No Bid Quantity Limitations
- Prototyping
- 100% Inspection
- Lights out high volume production

## PAST PERFORMANCE

Our Customers are a part of Cam Development's extended family with several relationships 55yrs and growing

- Ensign-Bickford Aerospace
- Sig Sauer
- Honeywell
- Metal Flex
- Aerospace Controls
- Ashcroft
- G.S. Precision
- Vermont Microtechnologies
- Delphi Electronics
- Capewell
- Remington Arms
- Univair Aircraft Corp.
- C.E.D.
- Lord
- North Country Engineering
- Quadra-Tek
- Revision Military
